

ITFX – ULTRASONIC PORTIONING MACHINE TO FIXED WEIGHT

The machine carries out the portioning of the whole shape of gorgonzola in fixed weight slices. The shape is centered and cut into halves. One half is weighed and goes in the first cutting zone by ultrasonic blade. Each slice is placed next to each other and bring up to the second cutting zone for fixed weight. The cut is made by ultrasonic.

- setting the waste, choosing to have one slice of different weight or spreading weight on the form
- combines to packaging line

TECHNICAL DATA

Construction / Stainless Steel Aisi 304/316

Electric supply / 400V 3PH + T 50 Hz

Pneumatic supply / 7 bar

15,6 Kw / **Installed power**

3200 x 5600 x h 1850 mm / **Overall machine dimension**

45 pieces per minute / **Production**
